

Public Meeting Notice -- Exide Technologies, Inc. (Exide)

The Tennessee Division of Air Pollution Control (TDAPC) will be holding a Public Meeting, Thursday May 4, 2017 at 6 p.m. at the Sullivan County Courthouse, 3411 Hwy-126, Blountville, TN 37617. The purpose of the meeting is to exchange information and receive community input regarding Exide Technologies, Inc. (Exide) permit application (82-0256/972456) for a lead-acid battery formation process (Source 19). Exide is proposing to restart its formation operation which will consist of bringing in unformed batteries from off-site that will be filled, charged, cooled and formed. These batteries will be sold off-site. The process does not involve battery assembly or other operations that result in lead emissions. Air contaminants will be emitted by the source and controlled with a wet scrubber. Exide has a mailing address of 264 Exide Drive, Bristol, TN. The agenda for the meeting may include presentations by Exide and TDAPC representatives, a question and answer session as well as an opportunity for members of the public to make oral statements. The meeting moderator may time-limit individual oral comments as necessary to conduct an orderly meeting and ensure respect and fairness for each person desiring to comment. Unlimited written comments are encouraged and welcomed. Please note that this meeting only concerns either technical or regulatory matters related to this TDAPC permit. More information about this permit can be on TDAPC's website, http://environment-online.tn.gov:8080/pls/enf_reports/f?p=19031:34051:::NO:34051:P34051_PERMIT_ID:66051 . Please contact the permit writer, Ms. Tawanna Reid (865-594-5459 or Tawanna.Reid@tn.gov) for any questions concerning this meeting or permit details.
